ABSENT: Robert B. Heward and Orme Lewis

The minutes of the previous meeting were approved unanimously as moved by Sen. Lockhart and seconded by Dr. Kalil.

After hearing reports from the Executive Secretary and the Petroleum Geologist, the Chairman requested both of these gentlemen to compile enough facts that could be incorporated into a report on the Economic Potentials of Drilling in Arizona which could be submitted for publication to the Oil and Gas Journal as well as distributed to anyone desiring such information.

After a discussion of Mr. Ed Kennedy's recommendations of the deletions necessary in the rules to conform to the statutes passed by the 25th Legislature, 2nd Regular Session, Mr. Lockhart moved and Dr. Kalil seconded a motion that said deletions be made an official act of this commission and the motion carried.

Dr. Kalil then moved that 1,000 copies of the rules pamphlet be reprinted with the recommended deletions - seconded by Mr. Lockhart - unanimously passed.

Lynn Lockhart was the only commissioner able to attend the Midyear meeting of the I.O.C.C. to be held June 13-15, 1963 in New Orleans and Mr. Ludewick was authorized to accompany the Senator to this convention.

A short discussion of the approved budget for 1963-1964 followed and the problem of a new car for the geologist was brought up. Since the only sum available for such a purchase was the lump sum of \$2,052.28, the commission directed Mr. Ludewick to secure bids on a trade that would be within the amount available.
